I am currently a double major in Management and Marketing, and while I am unsure about exactly what career I want to go into after college, I enjoy the marketing side of business, specifically marketing analytics and data.

I've embraced technology over my entire educational career, so I have literacy with technology. I understand Microsoft word and PowerPoint pretty well, but I struggle a little bit with Excel.

I'm from Henderson, and I chose UNR because it was in state and it's also a pretty well ranked college. I enjoy playing video games, but I've more recently gotten out much more and enjoyed hanging out with all the people I've met at UNR. I'm a big Denver Broncos fan (God Bless Bo Nix), but I also follow hockey and soccer.
